

Dear Rising 4th Grade Parents,

What an amazing year it has been! We are so excited to be your child's teacher for 4th grade! In order to begin 4th grade on a successful note, we feel it is important that the skills learned in the 3rd grade be reinforced over the summer.

Summer is mostly about relaxing, enjoying the sun and water, and spending time with family and friends. Make this your priority, but also set aside some time to keep those skills sharp so that everyone is ready when we return in August!

**Summer Work Packet: Reading Math, and Writing**

- Each child will receive a packet of Summer Work in their "Star Binder" that we are currently using for homework which includes ten weeks of summer work. There is a reading, math, and writing component for each of the ten weeks.
- Practice the basic addition, subtraction, multiplication, and division facts, 0-12.

Sincerely,  
Mrs. Kaiser and Mrs. Turknett
